## "A Prince of His Race."

"A Prince of His Race" is a powerful, well-written drama. The story deals with the life of a college educated Indian lad, who by an unfortunate incident resulting in the death of his brother, was compelled by circumstances to quit his tribe in his early youth. The Indian educates himself at college and adopts the ways of the white man. The character of the Indian is mixed, the college breeding and the polished manners he has acquired, being only a mask behind which lurks the true character of the Red man—an

unforgiving nature. Nevertheless, his is a noble character, and to correctly portray it, a man must have more than ordinary ability. This character is admirably suited to the talents of Mr. Oscar Graham. He possesses the grace and likeness of the Indian, as he is pictured, has a deep, even, melodious voice, and is of striking personality. "A Prince of His Race" will be given a sumptuous production at the Auditorium Saturday, Nov. 29.

## The Strike.

The strike of railroad trainmen on the Southern Pacific which went into effect Thursday evening of last week succeeded in very effectually blocking traffic on this part of the line, all trains except the two regular mail trains being stopped during the continuance of the strike and they were usually several hours behind time. At the suggestion of the Federal authorities, the strikers and the Company came to an agreement Monday and in a few hours traffic again resumed its normal condition after having been stopped for about ninety-six hours. The settling of the strike was the source of much gratification to the public which, as a rule, felt more resentment over the inconvenience it was being subjected to than sympathy for either party to the quarrel.

## Died.

One of the saddest deaths it has ever been our lot to chronicle was that of Mrs. Bertha Winkler, widow of the late Charles Winkler, who died in San Antonio at 2:30 o'clock Monday afternoon while in a dental chair from the effects of an anesthetic administered while having a tooth extracted. Her remains were brought to Hondo Wednesday and buried in the new cemetery beside those of her late husband in the afternoon, Rev. A. Falkenberg, pastor of the Hondo Lutheran Church conducting the last sad rites.

Mr. and Mrs. Winkler formerly resided in Hondo but moved to San Antonio where Mr. Winkler died some two years ago. She is survived by four sons, Walter, Alfred, Henry and Leslie, and four daughters, Mrs. H. C. Grant and Misses Lydia, Katie and Hattie Winkler. Deceased also had a large number of relatives in this county and a large concourse of sorrowing relatives and friends followed her remains to their last resting place.

The Anvil Herald joins in the general sympathy for the bereaved ones.

## Died.

John Faselier, aged seventy-five years, died at 2 o'clock Thursday afternoon at the home of J. O. Grell Sr. in Quilbi, after a few days illness.

The remains were buried at the Quilbi Lutheran Cemetery yesterday afternoon, the pastor, Rev. L. Hofer, performing the funeral services.

The deceased was never married but he is survived by a number of relatives among whom he spent his bachelor days and who will miss him now that he is gone. Peace to his ashes.

## Experience Six-Cylinder Smoothness in Your Four

—But This is the Only Way You Can Get It

**S**PEED your Four up to 30 miles an hour or more on a smooth road. Then throw out the clutch and close the throttle.

Or coast down a long smooth hill with the motor running idle.

The feeling is that of flying. There is no vibration. In this particular the sensation of riding in a Four approaches that felt in a Six.

But, in a Six, the smoothness is ALWAYS there. You ride like constant coasting. In the HUDSON Six 54, up hill and down, on rough roads or smooth, fast or slow, the feeling is always the same.

No Four—no matter how powerful or thorough what combination of gears its power is transmitted—can be made to ride so smoothly.

Come, take a drive in the HUDSON Six 54. If you enjoy driving, take hold of the wheel and feel for yourself the full meaning of that much-talked-about "smoothness and flexibility of the Six."

In no other way will it have such meaning for you.

Try coasting with your Four on a run of 100 feet!

Then come, see us, we'll show you how to do it for 300 miles, all day, without fatigue. It must be in a HUDSON Six 54.

## New Features in HUDSON Six 54

True streamline body—the handsomest car you ever saw. Highest standard of HUDSON design and construction. The very best we know in beauty and finish. Left side drive. Right hand control. Entrance to driver's seat from either side. Electrically self-cranked and electric lighted.

Fully equipped with every necessary detail, \$2250.

### About the Road Tax.

We are surprised, and a wee bit disappointed, to find Hondo Davis quite lukewarm on the question of issuing bonds for permanent good roads in Medina County. Is he willing to continue patchwork and squandering of road funds?—Marfa New Era.

We are sorry to disappoint our friend French. However, we feel that it is not our fault but due to the fact that he does not understand the situation in Medina County that he is surprised and disappointed.

In the first place, there has never to our knowledge been any wanton squandering of the road funds. On the contrary, we are pleased to give those who have had the supervision of the spending of the road fund credit for having done the best possible with the means at their disposal, and if any money has been squandered it has been due to the fault of our system of working the roads—which permits, and often forces, one man to undo the work of his predecessor and leaves little done of a permanent nature—and not the fault of the individual.

When deemed expedient we have advocated and expect to continue to advocate the abolition of the present antiquated method of road making and repairing and the adoption of a more approved system which will reduce patchwork to the minimum and advance permanent construction to the maximum, thereby practically eliminating the waste of squandering.

But the proposition to change

### How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him. NATIONAL BANK OF COMMERCE, Toledo, O.

our system is not now an issue before the people.

Neither is a bond issue.

It is true a bond issue is favored by some and has been discussed. But owing to the fact that the maximum limit of bonds would be sufficient to permanently improve a very limited mileage of roads and our roads are so divergent that our people could never agree upon any central road to be improved, the proposition to issue bonds has never assumed sufficient importance to be put up to the voters for their decision at the polls. And it is just as well. The fact that present conditions would permit of the proceeds of a bond issue being spent only for patchwork, and would thereby be largely squandered or rather expended without attaining the proper amount of permanent results, would cause it to be justly condemned by the people.

There is an issue before the people of Medina County, however,—or will be as soon as the Commissioners' Court has granted the petitions now being circulated asking for it—and that is whether or not the county shall

increase its present road tax by a special tax of 15 cents. The effort to improve the roads in Medina County took this form as offering the best solution of the problem confronting us and, therefore, being the most expedient. It contemplates no change in our present system and is open to the same objection of inefficiency. If it is defeated—as some of its strongest advocates predict—it will be for this very reason and not—as has been charged—because our people oppose good roads. If it carries—as the Anvil Herald hopes it will—it will be because our people are willing to risk the experiment in the hope that it will prove a step in the right direction, and have the assurance that should it prove a mistake it will not be irretrievable.

Instead of being "willing to continue patchwork and squandering of road funds", that is just the thing the Anvil Herald is opposed to and the only thing that could result under present conditions from a bond issue.

Whenever the county can issue sufficient bonds to properly construct its link in the proposed Pacific to the Gulf highway and there is no probability of the proceeds of a bond issue being squandered in patchwork, the Anvil Herald is for issuing bonds and no one will have occasion to accuse us of being lukewarm.

But the time is not now, we are sorry to say.

The foregoing was put into type for our last issue. Since that time the Commissioners' Court has ordered an election for a 15 cent tax and set the time for holding the same on Tuesday, January 6th.

### Smallpox And Diphtheria

There is less dread of these diseases now than formerly, because everybody knows they can be prevented, one by vaccination, the other antitoxin. You can keep from having colds, grippe, bronchitis, pneumonia, catarrh, typhoid fever, rheumatism, and other dangerous cold-weather ailments, if you put your system into a proper healthy condition to resist disease.

Reckall Olive Oil Emulsion helps the body produce substances which prevent the growth of disease germs in the blood, thus putting the system into a healthy condition to resist disease. It will help you get well and strong if you have any of the blood diseases, or other diseases. It is very good for children just at this season of the year—to make them healthy and strong to successfully resist cold weather ailments.

There's direct benefit to you in every ingredient in Reckall Olive Oil Emulsion. The four Hypophosphites it contains are used by leading physicians everywhere in debility, weakness and liability to disease, to strengthen the nerves. Purest Olive Oil, one of the most nutritious, most easily-digested foods known, being taken with the hypophosphites, gives rich tissue nourishment through the blood to the entire system.

You who are weak and run down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Reckall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

Reckall Olive Oil Emulsion—king of the celebrated Reckall Remedies—is for freedom from sickness of you and your family. Pleasant-tasting, containing no alcohol or dangerous drugs, you'll be as enthusiastic about it as we are when you have noted its strengthening, invigorating, building-up, disease-preventing effects. If it does not help you, your money will be given back to you without argument. Sold in this community only at our store—The Reckall Store—one of more than 7,000 leading drug stores in the United States, Canada and Great Britain.—Martin Drug Co., Hondo, Texas.

Very little of the opposition to football comes from the college men who are the ones who have to play it.

In damp, chilly weather there is always a large demand for BALLARD'S SNOW LINIMENT because many people who know by experience its great relieving power in rheumatic aches and pains, prepare to apply it at the first twinge. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

### All Growing Children

are dependent on nourishment for growth. Their health as men and women is largely established in childhood.

If your child is languid, bloodless, tired when rising, without ambition or rosy cheeks, Scott's Emulsion is a wonderful help. It possesses nature's grandest body-building fats so delicately predigested that the blood absorbs its strength and carries it to every organ and tissue and fibre.

First it increases their appetite, then it adds flesh—strengthens the bones—makes them sturdy, active and healthy.

No alcohol or narcotic in Scott's Emulsion, just purity and strength.

## AFTER COUGHING TWO YEARS

Waycross, Ga., Woman Found  
Relief in Vinol.

Did you ever cough for a week?  
Then just think how distressing it  
must be to have a cough hang on for  
two years.

Mrs. D. A. McGee, Waycross, Ga.,  
writes: "I had a very heavy cold  
which settled into a chronic cough  
which kept me awake nights for fully  
two years, and felt tired all the time.  
The effect of taking your cod liver  
oil and iron remedy, Vinol, is that my  
cough is gone. I can now get a good  
night's rest and I feel much stronger  
every day. I am 74 years old."

It is the combined action of the  
medicinal elements of the cods' liver  
oil aided by the blood-making and  
lengthening properties of tonic  
which makes Vinol so efficient  
in chronic coughs, colds and bron-  
chitis—at the same time building up  
a weakened, run-down system.

Try a bottle of Vinol with the un-  
derstanding that your money will be  
returned if it does not help you.

Don't be one of these sufferers when  
for so little cost you can get well rid  
of the cause. Foley Kidney Pills be-  
gin their good work from the very  
first dose. They exert so direct an  
action on the kidneys and bladder that  
the pain and torment of backache,  
rheumatism and kidney trouble is soon  
dispelled. W. H. Windrow.

### Declare War On Colds.

A crusade of education which aims  
"that common colds may become un-  
common within the next generation"  
has been begun by prominent New  
York physicians. Here is a list of the  
"don'ts" which the doctors say will  
prevent the annual visitation of the  
cold:

"Don't sit in a draughty car."

"Don't sleep in hot rooms."

"Don't avoid the fresh air."

"Don't stuff yourself at meal time."

Overeating reduces your resistance.

To which we would add—when you  
take a cold get rid of it as quickly as  
possible. To accomplish that you will  
find Chamberlain's Cough Remedy  
most excellent. Sold by All Dealers.

REMINGTON-UMC

## AUTOLOADING SHOTGUNS

ANY way you look at it, the Autoloader is the  
highest development in modern shotgun  
design. It puts five loads at your disposal by  
merely pressing the trigger. It puts the recoil to useful  
work—to eject the empty and slip in the fresh shell.  
It saves the gunner's shoulder—rids his sport of  
annoyances—increases his shooting average.

Your danger is that in your enthusiasm over the  
autoloading principle, you may forget to insist on  
getting the first embodiment of that principle—the  
Remington-Union Autoloading Shotgun.

The peculiar advantages of the Remington-Union are too  
many to detail here. What you want to do is to get one  
of the Remington-Union dealers in this section to demon-  
strate them to you on the gun itself.

### A Consumptive Cough.

A cough that bothers you con-  
tinually is one of the danger signals  
which warns you of consumption. Dr.  
King's New Discovery stops the  
cough, loosens the chest, banishes fever  
and lets you sleep peacefully. The  
first dose checks the symptoms and  
gives prompt relief. Mrs. A. F.  
Mertz, of Glen Ellyn, Iowa, writes:  
Dr. King's New Discovery cured a  
stubborn cough after six weeks' doc-  
toring failed to help. Best medicine  
for coughs, colds, throat and lung  
troubles. Money back if it fails.  
Price 50c. & \$1.00. All druggists, by  
mail.

# AGRICULTURAL LAND FOR SALE!

## Improved and Unimproved

In placing my holdings on the market, consisting of lands around Charlotte and Jourdanton, both improved and unimproved, I do so with the knowledge that these lands are most favorably situated and offer every convenience to those seeking homes. Within easy reach of every point are modern gins, well equipped schools, commodious churches, good roads lead everywhere, to nearby railroad stations and the best markets in Texas.

This property has not been offered earlier because these very necessary advantages were not to be had, but now they are a reality—nothing is left! to speculation or future contingencies. Settlers now have all the advantages that can be found anywhere in a fully developed community without paying! the prices that are asked in the older sections. You can have the benefit, for I am offering you the most desirable opportunity in Texas.

These lands are as good as can be had in South Texas; there are no better anywhere. Plenty of water can be obtained on any tract and shallow wells can be located at small cost furnishing an abundance of good water. The soil is fertile, there are no crop failures on these farms and no irrigation is necessary. No section of the state offers a more healthy or delightful climate, winter or summer.

The editor of this paper was honored with an invitation from Superintendent B. Harris to be present at a debate on the question, "Resolved, That, every great man is largely the product of his age," at the High School building Friday afternoon. We regret that owing to its coming about the time this paper went to press we could not attend. The High School pupils are taking great interest in their debates and the attendance of friends of the school would greatly encourage them in their work. There is no part of school work that is more beneficial to the pupil than participating in debates and it can not be too highly commended or encouraged.

The minstrel show at the Auditorium Tuesday night, given by local talent under direction of Prof. and Mrs. Z. A. Hall for the benefit of the Hondo Volunteer Fire Co., was well attended. Hondo has some splendid burnt cork comedians and they put up a remarkably good show for the time they had to rehearse for it. Some of the jokes had developed a sufficient hirsute appendage to warrant that they were not born in Hondo, or any other town of recent origin, but they never failed to bring the desired laugh, and all seemed well pleased with the entertainment. The Fire Company realized about \$60.00 as its share of the proceeds, and wishes to thank the public for its liberal patronage.

## If You are Subject to Colds This Editorial will Interest You.

A Great Majority of People Get One or More Colds Every Season and It is of Vital Interest to All to Learn How to Avoid and Relieve Colds Quickly, Since Colds are Said to be Contagious.

Some people think colds are only caught through exposure. This in return is contradicted by the fact that Arctic explorers are peculiarly free from colds. It is more generally accepted that colds are the result of civilized life, due to super-heated rooms and a very rapid change in temperature which causes the nerve centers to be depressed, and still more largely due to contagion—one member of a family imparting a cold to another by sneezing or coughing.

A cold means nothing if relieved quickly. That such a purpose may be accomplished, a quick aid to a cold is an essential. A remedy especially devised to relieve colds quickly is PERUNA.

PERUNA contains such ingredients that have an especially beneficial influence upon the inflamed mucous membranes and the quicker these mucous membranes are given the benefit of a remedy like PERUNA, the quicker the relief and the less contagion.

A neglected cold may become a serious menace to one's own life, and far worse, may endanger one's family.

We insure our homes against fire, our lives against death. Why should we not insure ourselves against colds if possible by having a medicine in the family chest that can be used at once?

PERUNA is a reliable household remedy for colds and should be in every home, for there should be a desire to combat a cold as quickly as possible. This is enlightened hygiene.

People who are feeble and run down are more subject to colds than persons in normal health. Such persons need outdoor life and PERUNA to help build up a strong constitution. If you have a poor appetite that is often a warning that you probably need a tonic like Peruna for Peruna aids the digestive organs. When your appetite is fair and work and exercise do not quickly tire you, your susceptibility to colds diminishes very much.

Persons who object to liquid medicines can now obtain PERUNA TABLETS.

## Ballard's Snow Liniment

It is a Powerful Preventive, as Well as a Speedy Cure

Rub it in on the parts affected whenever the conditions seem to indicate a spell of this painful ailment; it will warm the joints and ward off the trouble. If the disorder has already commenced, the treatment is the same, the rubbing helps the liniment to penetrate to the seat of pain. The relief is prompt and very satisfying; the aching joints are relieved, the muscles relaxed so that the sufferer feels again the strength and suppleness of youth.

For fresh wounds of all kinds, it is a wonderful remedy. Try it for cuts, burns, bruises, sores, galls, chafed spots, barbed wire cuts, sprains, swellings, frost bites. It cures quickly and completely.

COPYRIGHTED FARM AND RANCH-HOLLAND'S MAGAZINE

The price of any article you buy is based upon the cost of production plus the cost of distribution or getting the goods to the ultimate consumer. Without advertising it is utterly impossible to secure anything like as wide a sale of articles used in the home and the introduction of a product even to a limited number of dealers is accomplished only at great expense and labor.

Even the consumer has never heard of it and its sales can be only the merest fraction of what is possible through modern advertising. With minimum output and high manufac-

turing and selling cost the price to the consumer must be out of proportion to the quality as compared with goods sold through ample advertising. But advertising greatly multiplies the output, reducing manufacturing cost and selling expense; and in these reductions the cost to you is proportionately decreased.

The Massachusetts commission on the high cost of living, in speaking of advertising in their report, says: "Properly directed advertising helps to encourage the sale of goods and thus enables the producer to lower his price, to the advantage of both himself and the buying public."

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

## START YOUR LIVER, DON'T STOP WORK

**Dodson's Liver Tonic Acts Mildly, but Surely. Livers up the Liver and You stay on your Feet**

It is the experience of calomel users that if they take enough of the drug to have the desired effect it seriously interferes with their work the day after. But this is the least important item, for calomel is often a dangerous drug and acts on the system violently.

Don't take chances with calomel. Get a bottle of the pleasant, safe and perfectly harmless Dodson's Liver Tonic, guaranteed to take the place of calomel. Instead of making you feel worse the next day it makes you feel better—and you actually are better, for no remedy in the whole world livers up the liver, regulates the bowels and really rejuvenates the system any better than this dose.

You are the sole judge of its merits. W. H. Windrow is fully authorized to hand you back your money without question if it fails to please you—and relieve you.

Remember, if you feel constipated and bilious, what you need is Dodson's

**Liver Tonic.** A large bottle and a good guarantee for 50 cents from W. H. Windrow.

### Society Meets.

The Perian Literary Society met at the school house Friday afternoon at the usual hour. The house was called to order by the President, Maggie Cameron. The Society sang "Just be-fore the Battle, Mother." The roll call followed and the minutes of the last meeting were read and approved. The Society enjoyed a pleasing selec-tion which was rendered by Hazel Heath.

A debate followed. Resolved: That Texas should intervene with Mexico, with both sides ably represented. The judges decided in favor of the af-firmative.

Business was then taken up. The President appointed Leila Laughing-house, Beatie Roberts and Earnest Fusselman as program committee for next meeting. Clara Schweers enter-tained the society with a reading which was enjoyed by all. "Silver Threads Among the Gold" was then sung after which the society adjourn-ed.
